Summary

Licensed architect with ten years of practice in housing, schools and small public buildings across Java. I design for the tropics first: deep shade, cross ventilation and local materials, tested with daylight and energy models before drawings reach site. I also teach design studio at a local university.

Experience

Studio Ruang Nalar — Yogyakarta
Senior Architect & Associate — Sep 2020 – Present

- Lead a team of six on 14 projects totalling 21,500 m², from brief to handover.
- Cut modelled cooling energy by 32% on average with shading and cross ventilation.
- Moved the studio to Revit; drawing revisions per project fell from nine to four.

Universitas Bentala Yogyakarta — Yogyakarta
Part-time Lecturer, Architecture — Feb 2021 – Present

- Teach Design Studio 5 and Building Physics to 70 students each semester, with a teaching rating of 4.7 out of 5.
- Supervised 18 final-year projects; three reached national student competition finals.

Karsa Lima Arsitek — Jakarta
Architect — Aug 2014 – Jul 2018

- Designed and documented three mid-rise residential towers, 38,000 m² in total, working in a team of 12 architects and engineers.
- Supervised construction of a 64-room hotel in Bogor; answered 210 site queries within 48 hours each.

Projects

SMK Tumbuh Vocational Campus, Bantul — 2024
3,800 m² school for 600 students; naturally ventilated classrooms, GREENSHIP Gold target.

Kali Code Reading House — 2022
260 m² community library of bamboo and reclaimed brick, built for IDR 1.1 billion.

Omah Lereng Residence, Sleman — 2021
420 m² hillside house on stilts; uses 40% less grid power than the owners' previous home.

Education

Delft University of Technology — Master of Science • Cum laude
Architecture, Urbanism and Building Sciences — Delft, the Netherlands • 2018 – 2020

Universitas Gadjah Mada — Bachelor of Architecture • GPA 3.68
Architecture — Yogyakarta • 2010 – 2014

SKILLS

Software
Revit, Rhino + Grasshopper, AutoCAD, Enscape, SketchUp

Methods
Passive design, Daylight simulation, BIM coordination, Site supervision

CERTIFICATIONS

IAI Architect Licence — 2017
Ikatan Arsitek Indonesia

GREENSHIP Associate — 2021
Green Building Council Indonesia

Autodesk Certified Professional: Revit — 2022
