SUMMARY

Product manager with eight years in digital payments, from merchant onboarding to QR checkout used by 4 million people a month. I turn research and data into roadmaps engineers trust, and I ship in small, measured steps.

EXPERIENCE

Kilau Pay — Jakarta
Senior Product Manager — Mar 2022 – Present

- Lead the QR checkout squad of 11 engineers and designers; raised payment success from 91% to 97.5% in four quarters.
- Launched split bills and saved cards, now 18% of monthly transaction volume.
- Set up a weekly experiment review with data science; 40+ A/B tests a year with written decisions.

Kilau Pay — Jakarta
Product Manager, Merchant Platform — Jan 2019 – Feb 2022

- Cut merchant onboarding from five days to under one hour with automated document checks.
- Grew active small merchants from 60,000 to 310,000 with a self-serve dashboard in Indonesian and English.

Rantai Logistik — Bandung
Associate Product Manager — Jul 2016 – Dec 2018

- Shipped live courier tracking for 1,200 drivers, reducing “where is my parcel” calls by a third.
