## Summary

**Fresh Informatics graduate ready for a first role as a frontend developer.** Two internships and a 16-week bootcamp taught me to ship accessible React interfaces, write tests before handing work over and ask for review early. Comfortable with TypeScript, Next.js and remote teams.

## Education

**Universitas Syiah Kuala**
Informatics
Bachelor of Computer Science · GPA 3.74 / 4.00
Banda Aceh · Aug 2022 – Aug 2026

**Akademi Frontend Samudra**
16-week part-time programme
Frontend Engineering Bootcamp · Top graduate of 40
Online · Jan 2025 – Apr 2025

## Experience

**Kelas Lentera**
Frontend Developer Intern
Jakarta (remote)
Feb 2026 – Jul 2026

- Built 14 React and TypeScript components for a teacher dashboard used by 2,100 schools.

**PT Rencong Solusi Digital**
Web Developer Intern
Banda Aceh
Jul 2025 – Sep 2025

- Rebuilt a hospital's outpatient booking form in Vue; completed bookings on mobile rose by 30%.

## Projects

**Catat Posyandu** 2026
Offline-first PWA for child growth records; 18 volunteers logged 1,300 visits in a three-month pilot.

**Campus timetable planner** 2024
Next.js app that builds clash-free class schedules; used by 2,300 students in its first semester.

## Skills

**Frontend**
React, TypeScript, Next.js, Tailwind CSS

**Quality**
Vitest, Playwright, Accessibility (WCAG)

**Tools**
Git, Figma, REST API, Vite

## Certifications
